Zurich, 20 February 2013

Dear Sir or Madam,

I highly recommend Sergey Makridenkov as a candidate for employment. Sergey was employed by Ludopoli s.r.o as C# and Frontend Developer from 2009 - 2013. Sergey's responsibilities included contributing to the development of Ludopoli's CMS, Flowli, implementation of websites based on Flowli and other client projects.

Sergey has very good collaboration skills and helps bring a team together. In addition, he is highly reliable and committed. Sergey is not only able to work independently but happy to contribute with ideas and concepts. He is flexible and willing to work on any project that is assigned to him.

Sergey would be an asset for your company and has my recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to contact me.

Kind regards,

Dietrich Baenziger
